# how we care

MMF LTD was established in 1975 and grew by caring about those things which are important to our customers.

Now, with branches across the country we still direct our efforts to making it easy for customers to meet their needs when purchasing flues and chimneys.

This has resulted in MMF becoming the United Kingdom's Leading Stockist of Flues and Chimneys.

## SERVICE/DELIVERY

our NATIONWIDE branch network means that there is always a branch within striking distance of you which has been carefully sited to ensure that you receive the best service.

*At your request we offer a next day delivery service\**

## RANGE

we manufacture a number of our own products and stock all of the leading brands of flue and chimney. Therefore, we are able to offer the product that you require when you want it.

*We don't tell you what to buy - You tell us!*

## QUALITY

we manufacture our own range of products to the highest standards and buy our other ranges only from industry respected suppliers.

*Where appropriate our products conform to B.S. specifications.*

## ADVICE

exhaust gases are particularly dangerous and best practice is essential in installation. Our staff are trained to give you or your customers advice on all technical matters.

*We will also advise you on the design of the flue.*

## WE LISTEN

we want to know what you think we could do better to help you.

*We have a department dedicated to asking for your views on us.*

*\* orders placed before 12 noon*

# the range

## GAS OIL AND SOLID FUEL FLUE SYSTEMS FOR DOMESTIC AND COMMERCIAL APPLICATIONS

Our stocks which are sourced from the leading manufacturers will provide a system to solve most of your flue installation problems

## FLEXIBLE FLUE LINERS FOR GAS, OIL AND SOLID FUEL APPLIANCES

A comprehensive range of sizes is available from stock along with the terminals, flue boxes and other accessories to meet your requirements

## VITREOUS ENAMEL FLUE SYSTEMS AND SINGLE WALL STAINLESS STEEL

These are manufactured by the PROHEAT Division of MMF Ltd. They are available ex-stock and are compatible with most other flue systems and all multi-fuel appliances

## ACCESSORIES

In addition to the standard systems MMF also has available a wide range of accessories to solve most gas and smoke extraction problems - chimney fans, flue terminals, cowls, flashings and canopies which we can make to your customers size and specification.
